

THE QUADRANGLE

ENDSLEIGH INSURANCE

Location
Cheltenham

Value
£300K

Duration
8 weeks

CLIENT

Endsleigh Insurance Services Limited is a leading insurance broker for the education sector owned by The Howden Group. They provide expert and affordable cover for students, alumni and education professionals across the UK as well as charities and landlords. For over 30 years their head office has been a large site on the outskirts of Cheltenham.

BRIEF

Design and fit-out newly refurbished CAT A office building in the centre of Cheltenham to accommodate circa 60 desks in a modern feeling space providing various meeting and collaboration spaces for staff to use.

PROJECT DELIVERY

With staff used to a large office facility with parking, open spaces and on-site sporting facilities, a change to town centre 3rd floor working was going to be quite a change for some. The Quadrangle was recently refurbished to a high standard, but the mechanical and lighting systems were not run of the mill manufactures, so leadtimes were the main challenge. The 5 story building was only occupied by one other company, so although being a town centre site with limited access, deliveries were relatively straight forward.

PROJECT DELIVERY

The open services ceiling layout required some careful space planning for new meeting rooms to minimize expensive M&E changes.

Endsleigh utilised a lot of their existing furniture and we added new soft seating, meeting room and hot desk zones to fit the scheme.
